

WASTE TRANSPORTATION, DISPOSAL AND RECYCLING AGREEMENT

Contract No –

This Waste Transportation, Disposal and Recycling Agreement (this "Agreement") is entered into as of this _____ day of SELECT MONTH, SELECT YEAR, by and between SELECT AEC COMPANY, a Delaware company and an American Ecology Corporation subsidiary having offices at 300 E. Mallard Drive, Suite 300, Boise, Idaho 83706 ("Company") and _____, a(n) _____ company, having offices at _____ ("Customer").

Customer, in the course of its business, generates or manages certain waste material, hereinafter referred to as "Waste", which requires treatment, storage, disposal and/or recycling services. Company has facilities and the ability to transport, treat, store, dispose of and recycle Waste in a lawful manner. In consideration of the agreements set forth herein, the parties agree as follows:

I. CONTRACTING PROCEDURE--Customer shall submit to Company a completed Waste Product Questionnaire ("WPQ") describing Waste to be managed and provide a representative sample (if requested by Company). Submission of a completed WPQ shall constitute Customer's request that Company accept for treatment, storage, disposal and/or recycling the Waste described therein. Company shall indicate its approval of the WPQ by sending Customer a written Waste approval letter and Pricing Addendum that sets forth pricing and specific terms and conditions for Waste receipt. Nothing herein shall require Company to perform an exhaustive analysis of the Waste in order to identify each and every constituent or contaminant contained in the Waste, nor shall any such sampling, analysis or measurement relieve Customer of its responsibility to ensure conformance of the Waste with the specifications set forth in the subject WPQ. Company offers no guarantee or commitment that it will accept any particular type of Waste upon receipt of a WPQ submitted by Customer.

II. NONCONFORMING WASTE--Company shall have the right to reject and return to Customer any Waste which deviates from the specifications set forth in the WPQ or contained in any representative sample or supporting information (including analyses) or Waste that contains constituents or physical characteristics not permitted by the terms of the WPQ or contained in any representative sample or supporting information (including analyses) which would alter the hazard, risk or costs assumed by Company in conjunction with its performance hereunder or cause Company to be in non-compliance with any permit (such Waste referred to as "Nonconforming"). Company shall have the right to reject Waste which in Company's reasonable sole opinion and judgment is Nonconforming. In the event Company rejects Nonconforming Waste, Customer shall pay Company's reasonable charges for the handling, analysis, transportation, necessary repackaging and time involved in returning such Nonconforming Waste to Customer.

III. TITLE AND LIABILITY--Title to the Waste, together with all responsibility and liability in connection therewith, shall pass to Company upon Company's acceptance of the Waste at Company's facility, unless under the provisions of this Agreement shipment of the Waste is the responsibility of Company, in which event title, responsibility and liability shall pass upon delivery to and acceptance by Company at the commencement of shipment. Title and liability for Nonconforming Waste shall at all times remain with Customer, notwithstanding the fact that physical possession of Nonconforming Waste may have passed to Company. Company may revoke acceptance of Waste at any time, even following disposal, if Waste is determined to be Nonconforming. If title to Waste is revoked at any time by Company, Customer shall pay all costs associated with removal, repackaging and transportation of the Waste to Customer.

IV. LOADING AND TRANSPORTATION--Shipment of the Waste shall be the responsibility of Customer under provisions specified in a Technical and Transportation Requirements Addendum unless Customer arranges with Company to provide transportation. Company shall comply with all applicable statutes, rules, regulations and ordinances of the United States and all applicable state and local regulations in moving, handling, transporting, disposing of and/or recycling the Waste. Customer shall be responsible for proper, legal loading of the Waste on vehicles provided or arranged for by Company. The parties agree and understand that reasonable, justified refusal by drivers or other employees of Company or its subcontractors to load, handle, transport, dispose of and/or recycle Nonconforming Waste will not be considered a breach of this Agreement.

V. COMPANY WARRANTIES--COMPANY WARRANTS AND REPRESENTS TO CUSTOMER:

A. Company has appropriate expertise and is engaged in the business of loading, transporting, storing, treating, disposing of and recycling Waste.

B. Company will load, transport, store, treat, dispose of and/or recycle the Waste in compliance with all valid and applicable statutes, ordinances, orders, rules and regulations of the federal, state and local governments in whose jurisdiction such activities are performed under this Agreement.

VI. CUSTOMER WARRANTIES--CUSTOMER WARRANTS AND REPRESENTS TO COMPANY:

A. The data and information set forth herein, including the WPQ(s), are correct and in accordance with all applicable waste regulations.

C. Customer warrants that it has advised Company of all known potential health and/or environmental problems associated with the Waste.

VII. INDEMNIFICATION

A. This clause does not prevent disclosures required by law. The foregoing obligations shall survive the termination of this Agreement.

X. FORCE MAJEURE--The parties agree that any delay or failure of either party to perform its obligations under this Agreement, except for the payment of money for services already rendered, shall be excused if and to the extent caused by acts of God, strikes, action of regulatory agencies, fire, flood, windstorm, explosion, riot, war, sabotage or other cause or causes beyond the reasonable control of the party affected. Company also shall be excused from performance of this Agreement if Company loses or has suspended any license, permit or other authorization necessary for fulfilling its obligations. XIV. ENTIRE AGREEMENT--This Agreement, including the Pricing Addendum, Technical and Transportation Requirements Addendum and any WPO approved by the parties, contains the entire agreement between the parties with regard to the matters dealt with in this Agreement. No modifications or amendments shall be of any force or effect unless they are in writing and signed by the parties to be bound.
