

# USEcology

an American Ecology company

## Refinery / Hydrocarbon Recycling Services

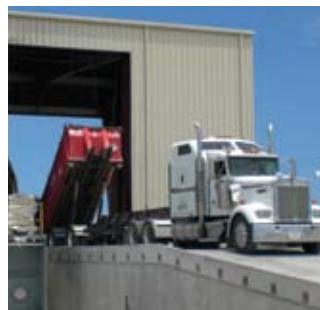

**US Ecology's** proprietary Thermal Desorption technology delivers cost effective recycling to refineries and other customers for wastes containing hydrocarbons, including:

- Petroleum wastes
- Gasoline wastes
- Metal catalysts
- Oil & grease
- Non-chlorinated solvents
- Tank bottoms & sludges
- Sewer sludges
- Bundle sludges
- Refinery K & F listed wastes
- Petroleum based paint wastes

### Why choose US Ecology's Hydrocarbon Recycling Services?

- US Ecology has a proven record providing hazardous and non-hazardous disposal services for over 50 years, including over a decade of thermal desorption experience.
- Cost effective alternative to incineration
- State-of-the-art treatment, recycling and disposal for refinery, chemical plant and TSD controlled waste streams
- Beneficial re-use of materials traditionally disposed and qualifies for recycling credit
- On-site laboratory expedites waste profile approvals
- On-site treatment/disposal of recycling residuals
- NESHAP compliant
- Turnkey transportation solutions via truck or rail

### Oil Reclamation Benefits

- Cost-effective and environmentally responsible
- Reduces TRI reporting since waste is minimized through recycling

customer service second to none

## Refinery Services

### Waste Services

US Ecology's RCRA, TSCA, and NORM recycling, treatment and disposal facilities are strategically located to serve the petrochemical industry.

**Texas**—Our rail-served Texas facility on the Gulf Coast near Corpus Christi is ideally located to serve the refineries, offshore oil rigs and oil field industries of Texas, Louisiana and beyond.

**Idaho**—Our rail-served Idaho facility serves a national customer base.

**Nevada**—Our Nevada facility primarily serves the Western U.S. market.

### Transportation Services

US Ecology manages a dedicated railcar fleet of 700+ gondola and hopper cars. We also own and operate two rail transfer facilities. With decades of truck, rail and barge experience, we arrange full transportation from your gate to ours.

### Customer Service

Idaho: (800) 274-1516

Nevada: (800) 239-3943

Texas: (800) 242-3209
